CORTEX XDR™ – UNVEILED!

BREAK THE
SECURITY SILOS

[View now](#)

It's here: detection and response that breaks silos and tightly integrates endpoint, network, and cloud data to stop sophisticated threats.

Hear from our founder and CTO, Nir Zuk, and Lee Klarich, chief product officer, as they cut through industry hype and explain how Cortex XDR™ delivers breakthrough detection and response.

They'll cover:

- Using *any* data source, and why this is so important
- The role of behavioral analytics to detect sophisticated threats
- How AI will radically reduce complexity in investigations
